Dear Parents/Carers

This year, National Science Week will take place from the 9th to 18th March. Our theme is "Exploration and Discovery". We are incredibly excited about taking part in what promises to be a fantastic opportunity for the children to engage in scientific activities rooted in enjoyment and wonder.

Each year one of our main aims for the week (and beyond!) is that our children will recognise that science is something that is all around us and shapes the world in which we live. To help us meet this aim, I would like to invite any parents, grandparents etc. who work in a job rooted in science, e.g. doctors, dentists, engineers, to come in to school to talk to the children about it.

If you are interested, please email me at l.colclough@st-tc.co.uk

I look forward to hearing from you and can't wait to see what the children will find out.

Yours sincerely

Mr Colclough

Head of School
