Safer Internet Day 2019 and Anti-Bullying

Dear parents/carers,

The children have spent time in class and in assemblies over the latter part of last week and early this week exploring the theme of staying safe on the internet. Today is World Safer Internet Day, and therefore I would like to invite you to explore the resources attached with your child. I am sure that you will find the resources and activities very helpful.

In addition to this, and linking to the concept of staying safe online, I have also attached the school Anti-Bullying Policy. We take allegations of bullying incredibly seriously, and the process followed is outlined in the policy. What is also very important to note is that before this policy takes effect, there is the informal stage where you can discuss any concerns about your child directly with the class teacher. These conversations are ideal when children may need additional support or re-assurance to help them stay happy in school that are not linked to allegations of bullying and we often find that this early discussion with class teachers makes a huge difference.

I hope you find the resources useful, and I would like to thank you for your continued support.

Yours sincerely,

Mr Colclough
