ParentPay

ParentPay is our secure online income collection and management service which allows you to make payments to school using your debit/credit cards or in cash using the ParentPay top-up card at local PayPoint outlets. You can make payments for:

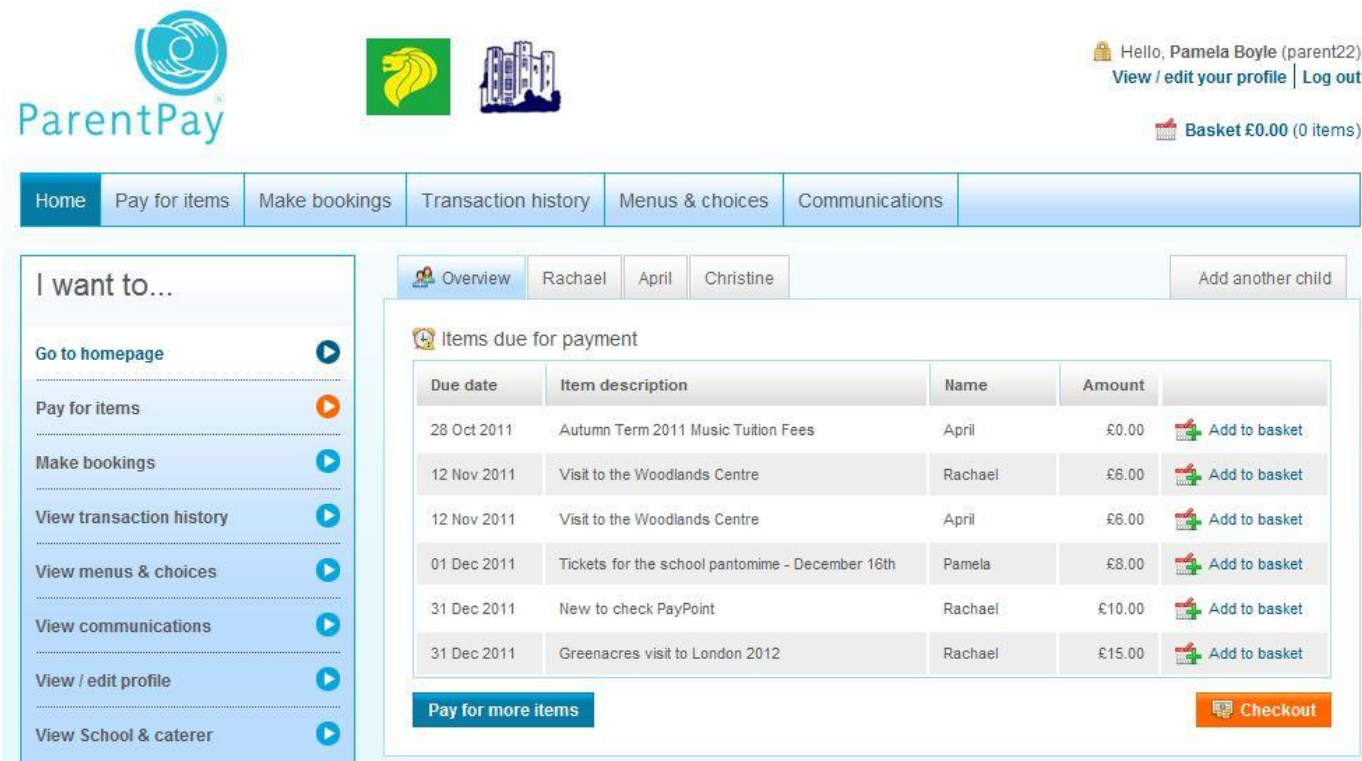

- school meals
 - trips
 - before/after school clubs
- ... in fact, anything at all!

www.parentpay.com

How does it work?

We post items for payment to your account and you add them to your basket.

The screenshot displays the ParentPay user interface. At the top left is the ParentPay logo. To its right are two small icons: a yellow horse head and a blue building. In the top right corner, the user is identified as 'Hello, Pamela Boyle (parent22)' with links for 'View / edit your profile' and 'Log out'. Below this, a shopping basket icon shows 'Basket £0.00 (0 items)'. A navigation bar contains links for 'Home', 'Pay for items', 'Make bookings', 'Transaction history', 'Menus & choices', and 'Communications'. On the left side, a 'I want to...' menu lists various actions like 'Go to homepage', 'Pay for items', 'Make bookings', etc. The main content area shows a tabbed interface with 'Overview' selected, displaying 'Items due for payment' for children Rachael, April, and Christine. A table lists these items with their due dates, descriptions, names, and amounts, each with an 'Add to basket' button. At the bottom of the table area are buttons for 'Pay for more items' and 'Checkout'.

Support your School

Our vision is to create a fully cashless school; creating a safer, more secure environment whilst enabling us to further support teaching and learning.

ParentPay greatly reduces administration tasks in the classroom and school office, increasing security:

- no cash/cheques to count and bank
- no cash held on the premises
- payments for us go straight into our school bank account
- payments for our suppliers go straight into their bank accounts
- enhance school-home communication

Making life easier for Parents and Carers

Paying via ParentPay helps our school enormously, whilst providing you with a more secure way to make payments.

ParentPay also gives you:

- convenient anytime, anywhere payments 24/7
- flexible, secure payment options
- peace of mind knowing funds have reached school
- automated balance and payment alerts via email/SMS

**1000's of parents are using ParentPay
everyday, make sure you are one of them.
Thank you for your support!**
